Some Information For Motorists.

Adams county motorists will learn with interest that members of the State Highway patrol have no authority to stop cars in which more than two persons are riding in the front seat and order the third person to get out and walk. This announcement is made in a bulletin issued to the members of the patrol by Registrar Ben G. Eynon, of the automobile division of the State Highway department, and he orders patrolmen to discontinue the practice, which has caused some complaints.

"There is no provision in the motor vehicle law limiting the number of persons who may ride on the front seat of any motor vehicle and patrolmen have no authority to take such action," Registrar Eynon warns in his bulletin.

"There may be cases, however, where by overcrowding the driver, such as having four or five persons in a small coupe, the driver might not have his car under complete control and might be subject to apprehension for reckless driving. This is a matter in which the patrolman must use discretion, but there is no reason why cars should be stopped merely when three persons are riding on the front seat."

The bulletin also explains that when cars are tested for condition of brakes, the patrolman is not to order the driver from the car while the patrolman makes the tests. Instead, the driver is to be directed to stop his machine on a grade and handle it with the foot brake, the patrolman making certain the driver does not brake with his clutch. The driver will then be told to move the car about ten feet and stop again, this time using the emergency brake. If the brakes are not taking hold properly, the driver is to be directed to the nearest garage, and have them adjusted.

Patrolmen also were directed to cease demanding certificates of title from drivers unless cars are under suspicion of not being properly possessed and were told there was no necessity for their operating cars in brake tests except in extreme cases. They were also notified that persons who occasionally carry merchandise in touring cars do not have to take out commercial or truck registration.

Voting of Absentees Held Illegal.

In the election contest in Lancaster County in which the question was raised as to the constitutionality of the Act of 1923 providing for absent voters, sending their ballots by mail, Judge Hassler in his opinion rules that the act permitting votes to be cast outside of the district is contrary to Article VIII, Sec. I of the Constitution, and hence this new law is unconstitutional and void.

It is expected that the case in Lancaster County will be taken to the Supreme Court. Lancaster County cases reach the Supreme Court in May and it is possible before the summer vacation of that court the final decision will be reached. The conclusion of the Lancaster case is expected to rule the decision in Adams County as to the legality of the Sheriff's election.

OLD AGE ASSISTANCE BOARD

ORGANIZES BY SELECTING OFFICERS TO CARRY OUT LAW.

While Work Will Start There Will Be No Money For Aid Until Half Way Through 1925.

The Adams County Old Age Assistance board was organized on last Saturday by the election of Hiram C. Lady, of Arendtsville, as chairman, and C. E. Tawney, clerk to the Adams county commissioner, as secretary-clerk. Besides Mr. Lady, the members of the board are Mrs. William Arch McClean, of Gettysburg, and Hugh E. Topper, of McSherrystown. The Old Age board named by the Adams county commissioners, will handle applications from all citizens of Adams county who come within the provisions of an act of the last legislature providing pensions for old persons.

The board emphasizes that there are no funds now available to provide pensions this year. But persons eligible to state aid under the law are urged to make arrangements to file their applications. This is being done in every county of the state so that the state commission, under which the county boards operate, will be in a position to ask the state legislature for the amount necessary when the legislature meets again.

The next Legislature will not convene until January, 1925, and appropriation bills are not passed until the last days of a session, in April or May, and there will not be a cent in sight for these old age pensions until after May, 1925.

Information as to the operation of the act and application blanks can be obtained at the county commissioners' office from Clerk Tawney every Thursday afternoon from 2 to 4 p. m., commencing February 7. The law requires that applications be made out and filed in duplicate.

For the benefit of the aged of Adams county, details of the act, showing the requirements to participate in its benefits, are published herewith:

Health Talk—Rabies.

In co-operation with the State Department of Health's educational campaign, Dr. T. E. Munce, State Veterinarian, Department of Agriculture, says:—

"Rabies is one of the oldest known diseases. It is always fatal. It is a disease of the nervous system and is transmitted almost always by a dog bite. Dogs are most susceptible and most often found affected, although all animals may become affected. Many people are bitten by rabid dogs making rabies a menace, as it is a very dreaded disease when affecting people. Fortunately there is a treatment known as the Pasteur treatment which can be given to those who have been bitten. It is

very successful for preventing rabies in people who have been exposed.

The stray dog is the greatest menace as far as rabies is concerned, and authorities should have the active co-operation of all people in eliminating the stray dog, restricting the danger of rabid dogs and protecting man and animals against this dreaded disease.

It is always advisable, when a person is bitten by a dog, to make certain that the animal is or is not suffering from rabies. The proper steps to be taken in such cases are as follows:

1. If the animal exhibits unmistakable symptoms of rabies, it should be destroyed immediately, and the person bitten should consult his physician regarding treatment.

2. If the animal shows symptoms which in any way simulate those seen in rabies, the dog should be examined by a veterinarian and if destroyed, the brain should be forwarded to the Laboratories of the Pennsylvania Bureau of Animal Industry, 30th and Woodland Avenue, Philadelphia, Pennsylvania, for examination. In case the finding indicates that the animal in question was suffering from rabies, the person bitten should consult his physician regarding proper treatment. Even in cases which failed to show any evidence of the disease by laboratory examination, it is advisable to consult your physician, as the laboratory exam-

ination, although very dependable, cannot be considered infallible.

3. If the animal does not show any symptoms and appears normal after biting an individual, it should be properly restrained and observed by a veterinarian. If no symptoms of rabies develop by the end of one week, the animal may be destroyed and laboratory examination of brain made. If not desirous of destroying the animal, it should be kept under observation until the end of the third week. The fact that the dog does not develop rabies in this period of time is the best evidence that he was not suffering from rabies at the time the person was bitten.

4. Dogs to be destroyed for the purpose of laboratory examination should never be shot through the head, as this mutilates and destroys the brain tissue to such an extent as to make an examination unsatisfactory.

5. Consult a veterinarian regarding the dog, and a physician regarding yourself.

The Schools A-Crossing.

Rev. F. E. Taylor, a former pastor of the Gettysburg Presbyterian Church, and now engaged in the Near East Relief, sends the following statement to the Compiler:

"A fine movement is now on in the schools through the country. The pupils have heard the cry of orphan waifs in the Near East, and their re-

sponse will guarantee bread to many.

"The after-war cry of anguish is reaching its height this winter in the Near East. A message from Chas. V. Vickrey, General Secretary of the Near East Relief says that 'Today there is the grim reality, not only of individuals and families but of whole races literally without a country. These people dare not return to their once prosperous homes. They are destitute, but with our help they will not only be saved, but will become helpful citizens of the countries to which they have fled.'

"Last winter a hundred and fifty thousand refugees died for want of proper food, shelter and medical care. Thousands are facing a similar fate today. Only prompt and bountiful gifts will save 150,000 of these from death.

"These are in addition to the 60,000 orphans whom the Near East Relief is supporting in orphanages in the lands bordering Turkey."

Through our school children the voices of these homeless orphans will be heard in every home in the country. When they speak, suppose your boy—yes, your girls was ragged and friendless with the rest in the wintry streets,—and do for these what you would have someone do for yours.

BARLOW.

A family reunion took place at the home of Mr. Jacob E. Sharets, in

The menu was an excellent one, consisting of oysters in all styles, fruits, oranges, celery, ice cream, cakes of different kinds, and coffee.

The election of officers was held at Mount Joy Lutheran Church after service on Sunday last.

The following were elected: Elder—John W. Kefauver; Deacons—Earl Waybright and Frank Currens; Trustee—Charles Benner. They were installed after administering the holy sacrament on Sunday last.

LAME EVERY MORNING.

A Bad Back is Generally Worse in the Morning. Gettysburg People Are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

You can't get rid of kidney back-ache, until you reach the cause—the kidneys. Doan's Kidney Pills are especially prepared for weakened or disordered kidneys—have been gratefully recommended by thousands.

Testimony of Gettysburg people proves the merit of Doan's.

Mrs. D. F. Arendt, R.R. St. Gettysburg, gave the following statement February 4, 1916: "I was suffering from backache and dizzy headaches and my kidneys were too free in action. I felt all worn out in the morning. Hearing of Doan's Kidney Pills, I purchased some at the People's Drug Store, and they gave me relief at once. Doan's have always given me such fine benefit that I keep them on hand to use in case of need."

On April 11, 1921, Mrs. Arendt said: "I don't have kidney trouble any more and I attribute my cure to Doan's Kidney Pills. I think more highly of Doan's than I did in 1916, because the cure they brought about has been a lasting one."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Arendt had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

One of my babies as well as my husband had pneumonia two years ago, and I believe that Father John's Medicine helped them to regain their health. I always use Father John's Medicine just as soon as any of us get cold." (Signed) Mrs. John E. Nicholes, 2836 Hazel St., Erie, Pa.

For building up strength to resist colds and coughs as well as to get rid of them, Father John's Medicine has proved its value by more than 75 years of success. It is the standard family medicine in thousands of homes all over the country. Guaranteed free from alcohol and dangerous drugs in any form.

Egg Grading and Packing Demonstration.

There will be an Egg Grading and Packing Demonstration at the farm of Charles M. Weikert, Littlestown, on Wednesday, January 30th, at 1:30 P. M., and one at the farm of J. Willis Weigle, Gardners, on Thursday, January 31st, at 1:30 P. M., in connection with the community meetings for planning some of the projects for the Littlestown and Aspers-Gardners communities. L. W. Steelman, of State College, will conduct the Egg Grading and Packing Demonstration. This is a dollars and cents proposition which should interest every poultryman in these two communities. Furthermore, we hope to talk over with the farmers whether they are interested in poultry or not, some of the things which they feel should be worked on in their respective community by the Agricultural Extension Service.

January Clearance Sale

Our annual January Clearance Sale is an event looked forward to by the thrifty buyers of Gettysburg and Adams County. This year the values are as big as usual and in many cases the money to be saved by buying now is even greater than in former years. Sales of this kind are necessary to clear our shelves for the next season. The January Sale coming as it does right before inventory is a time that we are especially anxious to rid our shelves of the goods they hold and therefore we give our customers the advantage of these prices. All merchandise as it comes in is marked on a close margin that gives you value for every cent spent so when a reduction is placed on them it is just more money in your pocket. Buy now and save yourself money for the things you will need this spring.
